

Field Day Meeting Schedule

Greetings fellow club members.

The semi-annual changing of the clocks reminds us that ARRL Field Day weekend is on the near term horizon, this June 22-23. If YOU plan to join us for Field Day, and you have ideas and/or equipment to offer, the following will be of interest.

The club is going to hold a series of brief Field Day planning meetings to gather input and most importantly to find out who's coming and who can bring what equipment. We'll try to get a sense of what people would like to get from the FD experience, and see if this year we ought to make any significant changes about antennas, equipment, bands, and modes. And food.

Speaking of food, let's meet at Panera Bread in Newtown Square. Panera Bread offers sandwiches, soups, and beverages, and is very casual. The store is in the same shopping center as the Acme, on the south side of West Chester Pike (PA Route 3), a little bit east of route 252.

Dates & Times

Thursday evening, April 11, 6:30 pm

Saturday morning, April 13, 9:00 am

Sunday April 14, 11:00 am

Please consider coming to one of these meetings.

With good participation and some luck, we ought to have most of the Field Day plan in place before the Club's May meeting, with only minor implementation details to be worked out thereafter.

73,
Jim W3JG
